

Experience has made us smarter.

Ships Husbandry

1. General Maintenance

- **Rapid response unit – due to the modular dive systems we have, we are able to respond rapidly to all shipping owners requirements**
- **Coded welding repairs**
- **Propeller cropping**
- **Installations of cofferdams**
- **Blanking of seawater intakes**
- **Sealing of stern tube glands**
- **Anode replacement. Supply and fitting – bolt on or welded.**
- **Rope removals**
- **Propeller Shine**
- **Hydro Blasting**
- **Hull survey (ABS Accreditation pending)**
- **Hull thickness testing**
